SEITDEM DIE FISCHE FERNSEHEN
HATTEN, SCHRECKTEN SIE VOR
ERPRESSUNG, MORDDROHUNG UND
STÄNDIGEN ANSCHLÄGEN AUF
UNSCHULDIGE KÖCHE, DIE NUR DAS
BESTE AUS IHNEN MACHEN WOLLTEN,
NICHT ZURÜCK!

ZWEI HOCHGIFFTIGE STACHELN HAT. DOCH
IN DER SEKUNDE IHRES TODES MUSS SIE

WIE SONST SOLLTE ER

Who is AmCham Germany?

The American Chamber of Commerce in Germany is the oldest bilateral trade association in Germany and the second oldest AmCham in the world. Today, with over 3,000 members, AmCham Germany is the largest American chamber of commerce in Europe. AmCham Germany's membership represents 85 per cent of all U.S. investment in Germany, accounting for approximately 800,000 direct jobs and over \$300 billion in investment.

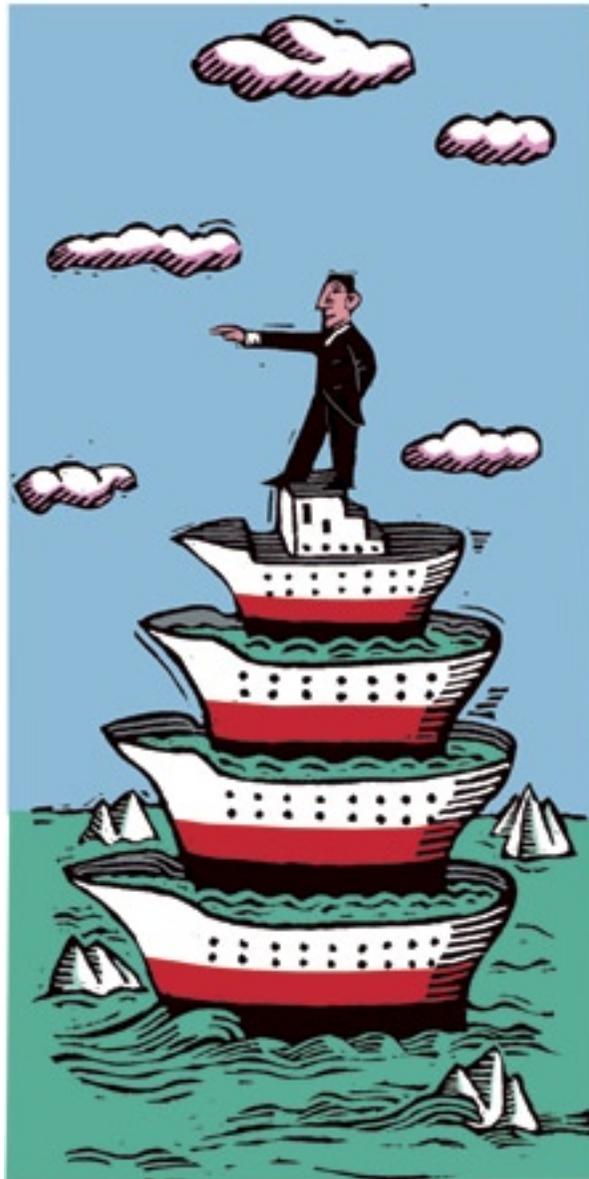

Our overall goals are to support unrestricted trade and investment between the United States and Germany, and to promote a healthy, open and productive business climate between the two countries. AmCham Germany represents the business interests of American firms located in Germany and the United States. We also act on behalf of our German members, many of whom maintain significant holdings in the United States.

Expanding the German-American trade relationship and maintaining the German investment climate are our main policy goals. Position papers on topics ranging from taxation policy to biotechnology, telecommunications and multinationals, energy, environmental policy, financial services and corporate law are developed in AmCham policy committees and presented to the appropriate government bodies.

The chamber's extraordinary track record is largely the result of a sophisticated network of German-American business executives scattered throughout Germany, Europe, and the United States. They are organized through offices in Berlin and Frankfurt in over 30 regional and policy committees and a board of directors. Work on the board and on the committees is strictly on a volunteer basis. Last year some 500 members volunteered their services on a regular basis, representing tens of thousands of hours. This level of volunteerism is unprecedented for a trade and industry group in Germany and is one of the key reasons for our success.
